

# Positioning health care organizations for the future

## The health care industry is ever changing

From cyber breaches to safety and compliance issues, Marsh McLennan Agency (MMA) has the experience and expertise to ensure you have the coverage and resources you need to address the risks that impact your business and the communities you serve.

### We provide consultation on the specific challenges facing the health care industry today and into the future, including:

- Industry-leading insights into your insurance program
- Consolidated buying power and influence in the marketplace
- Competitive pricing
- Valuable market research
- Tailored coverage terms and conditions
- Powerful benchmarking
- Meaningful and measurable financial results
- Professional services: claims management, loss prevention, HR consulting
- Proprietary products

We understand the health care industry and the solutions required to protect your business, your staff, and your future.

### Industries served

MMA provides strategic advice and solutions for health care organizations, including:

- Hospitals
- Hospice
- Senior living organizations
- Allied healthcare
- Physician practices
- Laboratories
- Medical research centers
- Pharmacies
- Behavioral health
- Federally Qualified Health Centers (FQHC)
- Home health

## MMA is one of the nation's leading insurance brokerages, providing comprehensive risk management & employee benefit solutions to organizations of all sizes.

We pride ourselves on standing out from the competition. Our in-house resources, local expertise, and access to global solutions allow us to provide truly unique world class service.

### Solutions include

#### Providing cyber insurance programs

MMA brings proprietary, best-in-market cyber insurance programs that include data-driven risk strategies to protect you against a cyberattack. Our consultants examine your business strategy, work collaboratively across lines of coverage, assess, mitigate, and insure all potential risk for your organization.

#### Ensuring talent acquisition and retention

The need for clinical specialists to manage evolving health concerns is intensifying. Human capital planning is critical as more workers are needed to handle the growing senior population. We guide our clients on how to build a strategy focused on human capital and risk capabilities.

#### Assessing and financing risk in the health care industry

Effectively assessing and predicting risk using data and expertise in order to improve cash flow, retain capital, and reduce total cost of risk.

#### Planning and analytics for total health

MMA believes active management of data with a prescriptive strategy, aligned with your business objectives, will result in better plan performance, and healthier employees. We have invested in this solution that integrates real-time data insights with clinical expertise for sound decision making.
